

## injectable procedures

Cosmetic Injectables provide a variety of safe, non-invasive ways to subtly optimize one's appearance. Injection procedures like Botox™, Juvederm™ & Radiesse™ have revolutionized aesthetic medicine and made cosmetic enhancements safe, easy and affordable.

### Botox™ Injections

\$ 15.00/unit

Botox™ is an FDA approved treatment for wrinkles and an easy, quick, non-surgical procedure to help attain a more youthful appearance. It can temporarily smooth moderate to severe frown lines between the brows, on the forehead and crow's feet. When injected with a fine needle in the area of concern (crows feet or frown lines), the muscles relax, leaving the overlying skin smooth and unwrinkled for a period of up to six months. Botox™ blocks impulses from nerves and reduces function of the sweat glands.

average female requires 30-40 units.

### Juvederm™

\$ 650.00/cc

Juvederm™ is the only FDA approved hyaluronic acid dermal filler. It provides a smooth, long-lasting correction of facial wrinkles and folds. The unique formulation of Juvederm™ seems to result in a longer duration of effect (around 7 to 9 months) as well as less bruising, pain and bumpiness, as compared to Restylane™. The procedure treats nasolabial folds, marionette lines as well as for lip augmentation. Juvederm™ is a new filler in the United States, but it has been in use throughout Europe for several years with excellent results.

average female requires 1-2 cc's.

### Radiesse™

\$ 750.00

Radiesse is dermal filler composed of calcium hydroxyapatite, which lasts two to three years with no known allergies. It is safely absorbed by your body over time.

Radiesse is used to perform non-surgical nose & chin enhancement, jaw & face lift & to smooth the wrinkles & folds throughout the face or hands. It can also be used to fill acne scars. The injections cause no significant pain, swelling, or recovery time.

average female requires: per consultation

## considerations

To ensure that you and all of our guests enjoy a relaxing, memorable experience, please turn off cell phones and beepers.

At Sanda Gané we strive to meet your expectations. If you are not completely satisfied with your experience, please call and let us know.

We require a 24 hour notice to cancel appointments. A last minute cancellation or no show for your medical services may result in a \$50.00 charge to your credit card or forfeiture of the gift certificate. A credit card number or gift certificate number will be required for booking multiple services.

Cosmetic and hair products can be returned within 14 days of purchase for credit only. (all accessories - are final sale)

Gift Certificates are non-refundable & not redeemable for cash.

We want you to enjoy your experience with us and to help create the most relaxing atmosphere possible, we ask that you make other arrangements for your children, unless they have a scheduled appointment for services.

## laser hair removal

A state-of-the art, gentle, non-invasive & FDA-approved method to permanently reduce or eliminate undesired hair from all parts of the body.

The procedure safely eliminates hundreds of unwanted hair follicles on any skin type in seconds.

The number of recommended sessions depends upon individual factors including area of the body, hair color, skin color and the hair growth cycle.

An average of five to eight treatments is required, with repeat sessions being necessary every 4-6 weeks. Proper timing of treatments is essential for best results.

## fraxel skin resurfacing

A safe and gentle alternative to traditional laser resurfacing. It is very effective for resolving cosmetic problems which are normally difficult to treat including acne scars, age spots, sun damaged, aging skin, enlarged pores.

Rather than taking off the entire outer layer of skin, fractional resurfacing uses a very narrow column of light, targeting and destroying microscopic areas while leaving healthy cells surrounding the destroyed area intact. This allows for quick healing and reduced pain. The healthy cells left behind aid in the healing process. Collagen production is stimulated, the skin tightens and pigmentation is normalized.

Typically four or five sessions are required, spaced about three weeks apart, for complete treatment.

Face Skin Resurfacing		
	full face	\$1000.00
	lower 1/3 face	\$ 700.00
	lower lids	\$ 400.00
	neck	\$ 700.00
	upper lip	\$ 300.00
Body Skin Resurfacing		
	half arms	\$1200.00
	hands	\$ 500.00
	full décolletage	\$ 900.00
	half décolletage	\$ 500.00
